A wholly owned subsidiary of LVI Services Inc.

Demolition • Hazardous Material Abatement • Fireproofing  
Mold Remediation • Decontamination & Decommissioning  
Design-Build • Millwright & Rigging • Disaster Response

# NRS gives your project the advantage.

NorthStar Recovery Services, a wholly owned subsidiary of LVI Services Inc., is the recognized leader in demolition, environmental remediation, and emergency & disaster response. With over 61,000 projects worth \$4.2 billion under our belt, a national network of 32 offices, and a bonding capacity of \$200 million, we are the best choice for the most complex, secure, and historically significant projects.

## A Safety Record Second to None

LVI has an Experience Modification Rating (EMR) that has been well below industry average for over 25 years. Our dedicated staff of full-time safety professionals works closely with OSHA-certified superintendents and project managers during all phases of the project to ensure maximum safety.

## Ranked #1 Abatement & Demolition Contractor

Engineering News Record (ENR) has ranked LVI as the #1 abatement contractor in the U.S. since 1999 and, since 2007, have been recognized as the largest demolition contractor in the world by Demolition & Recycling International (D&Ri).

## Largest Bonding and Insurance in the Industry

LVI has a bonding capacity of over \$200 million and holds the most reliable insurance rating in the industry, with an A.M. Best rating of A+. We are also the only company in our field with pollution liability coverage.

## Big Enough for Any Job

As one of the largest demolition, hazardous material abatement and remediation firms in the country, LVI brings the strength, stability and staying power to handle any job.

## People & Mobilization Power

LVI has a growing team of 2,000 of the most qualified and highly-trained professionals in the industry, with rapid mobilization capacity of an additional 3,000 operations and field staff to meet any emerging need.

## Self-Performing is Cost-Effective

LVI performs with our own highly-trained employees. By eliminating labor suppliers, we can provide higher quality work in compliance with client specifications and requirements.

## One of the Largest Fleets of Heavy Equipment

LVI own one of the largest fleets of heavy equipment in our industry, the benefit of which is shorter downtime to our clients. We also own the largest fleet of ultra-high reach demolition equipment in North America, making LVI the only choice for the most challenging jobs.

## National Presence, Local Service

LVI is licensed in all 50 states to perform demolition, hazardous material abatement and soil & mold remediation, along with new design-build construction and disaster response. This, combined with our network of 32 branch offices in all major U.S. markets, enables LVI to deliver the most qualified resources for your project.

## 27 Years of Success Through Repeat Business

LVI's substantial volume of repeat business is testimony to our outstanding reputation within the industry—not just for our commitment to completing each project safely—but also for completing each project to the satisfaction of our clients.

*The staff throughout this time period have been very knowledgeable and well experienced...I would like to congratulate them on a job well done.*
